

## **FINAL APPROVAL – NGI Access for Dexter Steis**

Enron Trading approves a guest ID for NGI access on EnronOnline (EOL) for Dexter Steis.

- The guest login will provide read-only access to NGI indices on EOL.
- Coverage includes the SoCal Border index and related locations.
- The purpose of this access is to support a fair index at SoCal Border.
- Dexter should continue to coordinate with Phillip Allen regarding any questions.

### **Access Validity and Contact Details**

- The guest ID for Dexter Steis is valid through January of the following year.
- Extension beyond this date will require a new approval.
- If any issues arise with the login or data, Dexter should contact:
  - Phillip Allen (Enron Trading)
  - The Enron credit or IT support desk

This approval supersedes any previous draft versions of NGI access terms.
